

Applied Maths

Day and Time Monday - 4:15-5:15pm
 Wednesday - 4:15-5:15pm
Course Duration: Runs throughout term time (2 years)
Price: Phone 01-4953882 for details

Course Description

This course, which covers topics such as linear motion, projectiles, impacts, collisions, pulleys and wedges is the perfect complement to Leaving Cert Physics and Higher Maths. It is also suitable for anyone looking to take Leaving Cert Applied Maths, or anyone looking to increasing their practical maths skills. It is open to anyone interested in maths, physics or related subjects, and looking to increase their knowledge; you don't have to be planning on doing an exam to do the course.
